PERSONAL SUMMARY

Front-End Developer with a solid Computer Science background and hands-on experience building responsive, high-performance web applications using React.js, Next.js, and modern UI frameworks. Proficient in JavaScript (ES6+), state management, and API integration, with a strong focus on clean, maintainable, and scalable code. Experienced in translating UI/UX designs into user-centered digital experiences. Actively seeking an opportunity to contribute to a forward-thinking team and help deliver impactful, scalable web solutions.

TECHNICAL SKILLS

- **Languages & Web:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks & Libraries:** React.js, Next.js, Bootstrap, Tailwind CSS, Material UI
- **State Management:** Context API, Zustand, React Query
- **API & Data Handling:** RESTful APIs, Axios, Strapi, Firebase
- **UI/UX & Animation:** Figma, Adobe XD, Framer Motion, SweetAlert2, Animate.css
- **Web Design & UX:** Responsive Design, Cross-browser Compatibility, Scalable UI Architecture, Performance Optimization, Brand Consistency
- **Version Control & Collaboration:** Git, GitHub
- **Other Skills:** WordPress, Regular Expressions, Object-Oriented Programming (OOP), Data Structures

EDUCATION

Bachelor's degree in computer science & information technology

2018 – 2022

Modern Academy for Computer Science, Egypt

WORK EXPERIENCE

Front-End Developer (Remote, Project-Based)

Enaya E-Commerce Platform | 12/2025 – present

- Developed a scalable, multi-page e-commerce platform using React.js, Tailwind CSS, and Zustand.
- Implemented reusable layouts and shared UI components to ensure consistency across pages.
- Built complete user flows including product listing, cart, and checkout experiences.
- Integrated RESTful APIs using Axios and handled dynamic data rendering.
- Optimized UI performance and responsiveness across different screen sizes and devices.

Front-End Developer

Fassla Software | Cairo, Egypt | 02/2025 – 12/2025

- Developed responsive web interfaces using HTML5, CSS3, JavaScript, and React.js.
- Translated UI/UX designs into clean, maintainable, and reusable front-end components.
- Ensured cross-browser compatibility and optimized front-end performance.
- Collaborated with cross-functional teams to implement new features and improve existing UI workflows.
- Followed best practices for code quality, version control, and scalable front-end architecture.

Trainee Frontend Developer – React & Next.js

Sprints.ai | Cairo, Egypt | 04/2025 – 10/2025

- Frontend internship focused on React.js & Next.js, building real-world web applications.
- Implemented API integration, state management, and responsive UI using Tailwind CSS.
- Worked with Vite, Git, and Figma in an agile, collaborative environment.

Chat Support Specialist (SME) – Talabat App

Teleperformance (TP) | Alexandria, Egypt | 12/2023 – 02/2025

- Provided customer support across Egypt & GCC via chat, tickets, and calls, handling orders, refunds, and escalations.
- Worked extensively with Salesforce, CRM platforms, Odoo ERP, Jira, and Delivery Hero systems, gaining experience with large-scale enterprise environments.
- Took on SME responsibilities, mentoring agents and supporting escalation handling to ensure smooth daily operations.

PROJECTS

Enaya – E-Commerce Platform

React.js, Tailwind CSS, Zustand

- Built a multi-page e-commerce application with product listing, cart, and checkout flows.
- Implemented reusable layouts, breadcrumb navigation, and responsive UI with local storage persistence.
- [Live Demo](#)

Real Estate

React.js, Tailwind CSS, API Integration

- Developed a responsive real estate landing page
- Live Demo: <https://realestate-rose-eight.vercel.app/>
- GitHub: <https://github.com/Ahmed-Ghallab/realestate>

Nooni Furniture Store – E-Commerce Website

HTML5, CSS3, Bootstrap, JavaScript

- A responsive furniture e-commerce website featuring multiple product categories, detailed product pages, and a shopping cart simulation. Built with HTML, CSS, Bootstrap, and vanilla JavaScript to deliver a clean, modern UI with interactive components.

Weather Dashboard

React, Bootstrap, API Integration

- Real-time weather application using Open Weather API, featuring city search, forecast, and responsive design.

CERTIFICATIONS

- Front-End Diploma (5 Months) – EraaSoft, 2025
- Web Development (40 hrs) – Sprints x Microsoft Summer Camp, 2025
- Front-End Developer Track (32 hrs) – Mahara-Tech ITI, 2025 (includes React.js, JavaScript & ES6, TypeScript, HTML & CSS)
